

# WHISPERS OF HOPE HORSE FARM

## SUMMER DAY CAMP 2010

# WE NEED YOU!

## PARENT INFORMATION

Our volunteers are a very important part of our program! Volunteer opportunities can include horse handlers, spotters, barn keepers, maintenance workers, organizers, office workers, and team leaders. This program helps keep youth motivated and active. No couch potatoes here!

Each camper will learn teamwork, compassion, motivation, and responsibility. Interested campers will also learn more about riding in a supervised setting. We are a non-profit organization and each camper's \$80.00 weekly fee goes directly to buy feed for the horses.

Let your children be a part of a mission which enables other young people with challenges to become more productive in their lives. The mission can only succeed with God's grace and the support of our volunteers. Thank you for your support!
